

Radical Presence gathers Christians to listen for God's word in this time of pandemic

Sunday evenings at 7.00 p.m. from 1 November 2020

Or run the course yourself with members of your own church, network or organisation

radicalpresence.org.uk / **get-involved**

A really good course, with a huge amount of creative interaction and debate. I am thoroughly enjoying the discussions, the interesting people and being challenged in both faith and practice – *Staffan*

Enjoying the preparatory reading which is all very stimulating. No idea how I would find these resources any other way. Very valuable; can't wait to run our own course – *Sandie*

It is wonderful to meet other believers with a common interest and a passion for transforming our society - from so many different backgrounds – *Andrew*

The advance prep is very useful, the liturgy is beautiful, the questions for discussion are meaningful and feel there is plenty of time to explore ideas in greater depth – *Liz*

As our nation and the world wrestle with Covid-19, join us to create a more sustainable, just and compassionate world than we knew before – now and in the future.

Radical Presence is an online course of purposeful conversations. In seven sessions we draw on the Bible, science, and a selection of the best journalism and theological reflection on the Covid-19 pandemic.

Each session includes liturgy and breakout conversations, and opportunities for groups to share their conclusions with each other. In this way **Radical Presence** builds a Gospel vision about how the nation can 'build back better'.
